General Certificate of Secondary Education June 2011

45201

Information and Communication Technology (Full Course)

Written Paper

Thursday 16 June 2011 1.30 pm to 3.00 pm

You will need no other materials. You may use a calculator.

Time allowed

• 1 hour 30 minutes

Instructions

- Use black ink or black ball-point pen.
- Fill in the boxes at the top of this page.
- Answer fourteen questions.
- Answer all questions in Sections A and B. In Section C answer either Question 14 or Question 15, which should be answered in continuous prose. In this question you will be marked on your ability to:
 - use good English
 - organise information clearly
 - use specialist vocabulary where appropriate.
- You must answer the questions in the spaces provided. Do not write outside the box around each page or on blank pages.
- Do all rough work in this book. Cross through any work you do not want to be marked.

Information

- The marks for questions are shown in brackets.
- The maximum mark for this paper is 120.
- You are reminded of the need for good English and clear presentation in your answers.

Section A

Answer **all** questions in the spaces provided.

1 (a) Six output devices have been labelled A to F in the table below.

Label	Name
Α	Actuator
В	Digital projector
С	Monitor/screen
D	Plotter
E	Printer
F	Speakers

Write **one** label in each box to name the output device shown.

	Output device	Write one label in each box

2 (a) Smart mobile phones come with a memory card. Tick **one** box to show which of the following is the most likely storage capacity of this memory card.

	Tick one box only
16 bytes	
16 Gigabytes (Gb)	
16 Kilobytes (Kb)	
16 Megabytes (Mb)	

(1 mark)

2 (b)	The phone shown above has a built in memory of 256Mb RAM and 512Mb ROM. Explain why both RAM and ROM are needed in this phone.
	(2 marks)

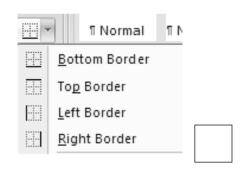

3 (a) Words about Graphical User Interfaces (GUI) have been labelled **A** to **F** in the table below.

Label	Name
Α	Button
В	Hotspots
С	Hyperlinks
D	Menu
E	Pointer
F	Toolbar

Write **one** label in each box that names the object shown.

3 (a) (i)

3 (a) (ii) http://www.aqa.org.uk/

3	(a)	(iii)	

(3 marks)

3 (b) The use of windows and window operations are important features of a GUI. The icons below are seen in windows that appear when using a computer. State what the icons shown below are used for.

	lcon	What is this icon used for?
(i)	x	
(ii)

4 (a)	There are concerns, both legal and moral, that must be taken into consideration when
	using ICT.

Match the correct letters from A, B, C, D, E and F with the concerns in (i) - (iii) in the table given below.

- Α **Data Protection Act**
- В Denial of service
- C Hacking
- D Phishing
- Plagiarism Ε
- Viruses

	Concern	Letter
(i)	Gaining unauthorised access to a computer system and changing the data or programs	
(ii)	A student downloading an essay from the Internet and handing it in as their own work	
(iii)	Sending false messages in an attempt to gain user names and passwords from other people	

(3 marks)

4 (b)	An increasing number of people spend a long time each day working with computers.
	This can lead to a range of health issues such as back problems.

Give **two** different steps that can be taken to help these people reduce the risk of back problems.

Step 1	 	 	 	
Step 2	 	 	 	
	 	 	 	 (2 marks)

4 (c) Give two other health problems that can occur as a result of using a computer for long periods of time each day.

Problem 1	 	 	
	 	 	(2 marks)

5 (a)	People increasingly use a wide range of sources to find information. Match the correct letters from A , B , C , D , E and F with the best descriptions (i) – (iii) in the table given below.					
	B C D C E S	Blog CD-ROM OVD-ROM Online database Sat Nav Viki				
		Description	Letter			
	(i)	Electronic equipment which gives you directions by using information it receives from satellites

<i>i</i> (c) (i)	Explain what is meant by co	naborative w	orking.
			(2 marks)

7 (c) (ii)	Give two advantages to the students at the school of taking part in a collaborative project rather than working on individual projects.
	Advantage 1
	Advantage 2
	(2 marks)

8 (a) A school secretary uses a computer to type details about each pupil into a database. Part of the database file for one pupil is shown below.

Pupil ID	Surname	Other Names	Date of Birth	Form
GS0889967	Abbot	Sarah	20/11/1999	7TP

It is important that the information stored is accurate, so data validation is used to help prevent mistakes. From the list given below, choose the best method of data validation to check the information given in the '**Information**' column of the table below. Write your answer in the space provided.

Check digit Look-up list Presence check Range check Spelling/grammar check

	Information	Best method of data validation to use on this field	
(i)	Pupil ID		
(ii)	Form		
(iii)	Date of Birth		

(3 marks)

8 (b) (i)	Name two methods of data verification.
	Method 1
	Method 2
8 (b) (ii)	Describe how one of the methods of data verification named above helps to reduce mistakes when data is entered into the database.

A company is developing a computer controlled machine to polish floors in offices. The machine polishes the floor as it slowly moves forward. At present the only instructions available are given below.

Instruction list Movement by the machine	
RT90	Turns the machine right through 90 degrees
FDn	Moves the machine forward n units

Using only the instructions from the list above, write the set of instructions needed for the machine to polish the part of the floor shaded in grey. The machine starts in the square marked A and, to start with, will move in the direction shown by the arrow in the diagram.

Instructions	
	(2 marks)

9 (b) The company is planning to develop the new instructions shown below.

Instruction list Movement by the machine	
RP4	Repeats 4 times all the instructions given before the END instruction
END	Marks the end of the instructions to be repeated

Using these new instructions and the two instructions given earlier, write a more efficient set of instructions to polish the same area shaded in grey. Again the machine starts in the square marked A and, to start with, will move in the direction shown by the arrow in the diagram.

	Instructions
	(2 marks)
9 (c)	After polishing the area shaded grey, the machine moves to the square marked B facing the same direction as shown by the arrow in the diagram. It then polishes the remaining part of the floor shown in white.
	Using only the instructions given earlier, write an efficient instruction set for the machine to move to square B and polish the area shown in white.
	Instructions
	(3 marks

10	The choice of operating system is an important decision when buying or setting up any new ICT system.		
10 (a) (i)) (i) Which one of the following is a task that would be carried out by an operating sy		
		Tick one box only	
	Connecting to the Internet		
	Importing a logo into a DTP package		
	Producing graphs from a database		
	Transferring data to a printer		(1 mark)
10 (a) (ii)	Which one of the following is not a commo	on type of operatin	ng system?
		Tick one box only	
	Multi-tasking		
	Multi-user		
	Real time		
	Relational user		(1 mark)
10 (b) 10 (b) (i)	Operating systems are sometimes involved access to a computer system. One way to What is meant by the term password?		•
			(1 mark)
10 (b) (ii)	Give two features of a strong password.		
	Feature 1		
	Feature 2		
			(2 marks)

10 (c)	Many commercial organisations such as banks, also use a range of other authentication methods. Describe how one of these is used to prevent unauthorised access.	
	(2 marks)	7

Turn over for Section B

Section B

Answer **all** questions in the spaces provided.

The finance officer uses a spreadsheet to plan a budget for the school production of 'Grease'. The first plans are shown below.

1	А	В	С	D
1				
2	G	rease		
3				
4	Planned Spending			
5		Cost per night	No. of nights	Cost
6	Licence to perform	£125.00	3	£375.00
7	Costume hire	£200.00	3	£600.00
8	Props to hire	£110.00	3	£330.00
9	Printing Tickets	£35.00	3	£105.00
10	Cost of refreshments	£50.00	3	£150.00
11	Advertising			£250.00
12	Total of other small costs			£125.00
13	Total spending			£1,935.00
14				
15	Planned Income			
16	Price of ticket	£1.75		
17	Refreshments (per person)	£0.50		
18				
19		Per night	No. of nights	Income
20	Ticket sales	300	3	£1,575.00
21	Sale of refreshments	150	3	£225.00
22	Total income			£1,800.00
23				
24	Profit/loss			-£135.00
25				

11 (a) The title 'Grease' has not been fully displayed. Tick **one** box to show which of the following would be the best way to fully display the title.

	Tick one box only
Make row 2 higher	
Make row 2 wider	
Make the size of the text in row 2, 2 point	
Make the colour of the text in row 2, red	

(1 mark)

11 (b) The cells in a spreadsheet can be formatted in a number of different ways.

Name one cell that has been formatted as number.

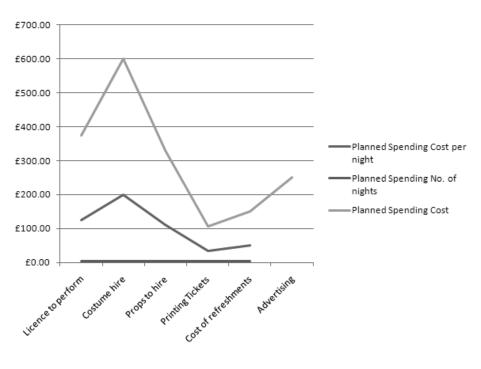

(1 mark)

11 (c) Which one of the following is the formula used in highlighted cell D24?

	Tick one box only
=D22+D13	
=D13+D22	
=D13-D22	
=D22-D13	

(1 mark)

11 (d) The finance officer uses this spreadsheet to produce the graph below showing the planned spending costs.

11 (d) (ii)	Explain why the finance officer might not find this graph very useful.
	(2 marks)
11 (d) (iii)	Name one other more suitable type of graph or chart that could be used to display this information.
	More suitable type of graph or chart
	(1 mark)
11 (e)	An aim of putting on the production was to raise at least £1000 for charity. Explain, giving examples, ways in which the software could be used as a model to answer 'what if' questions and show ways in which £1000 profit could be made.
	(5 marks)

A family are planning a last minute summer holiday. They use the Internet to find details of holidays that are still available leaving on Saturday 2nd July or Sunday 3rd July from Manchester. The result of the search from one travel company's website is shown in the database table below.

Booking code	Country	Resort	Date of Departure	No. of nights	Hotel	Cost per adult (£)	Included in the price
CR0005	Croatia	Dubrovnik	2 nd July	7	3 star	585	Breakfast
CR0023	Croatia	Korcula	3 rd July	7	2 star	565	Half board
EG0098	Egypt	El Gouna	3 rd July	7	2 star	465	Room only
EG0003	Egypt	El Gouna	2 nd July	14	3 star	865	All inclusive
EG0132	Egypt	Luxor	3 rd July	7	4 star	695	Half board
